## TURF HOUSE EXHIBITION

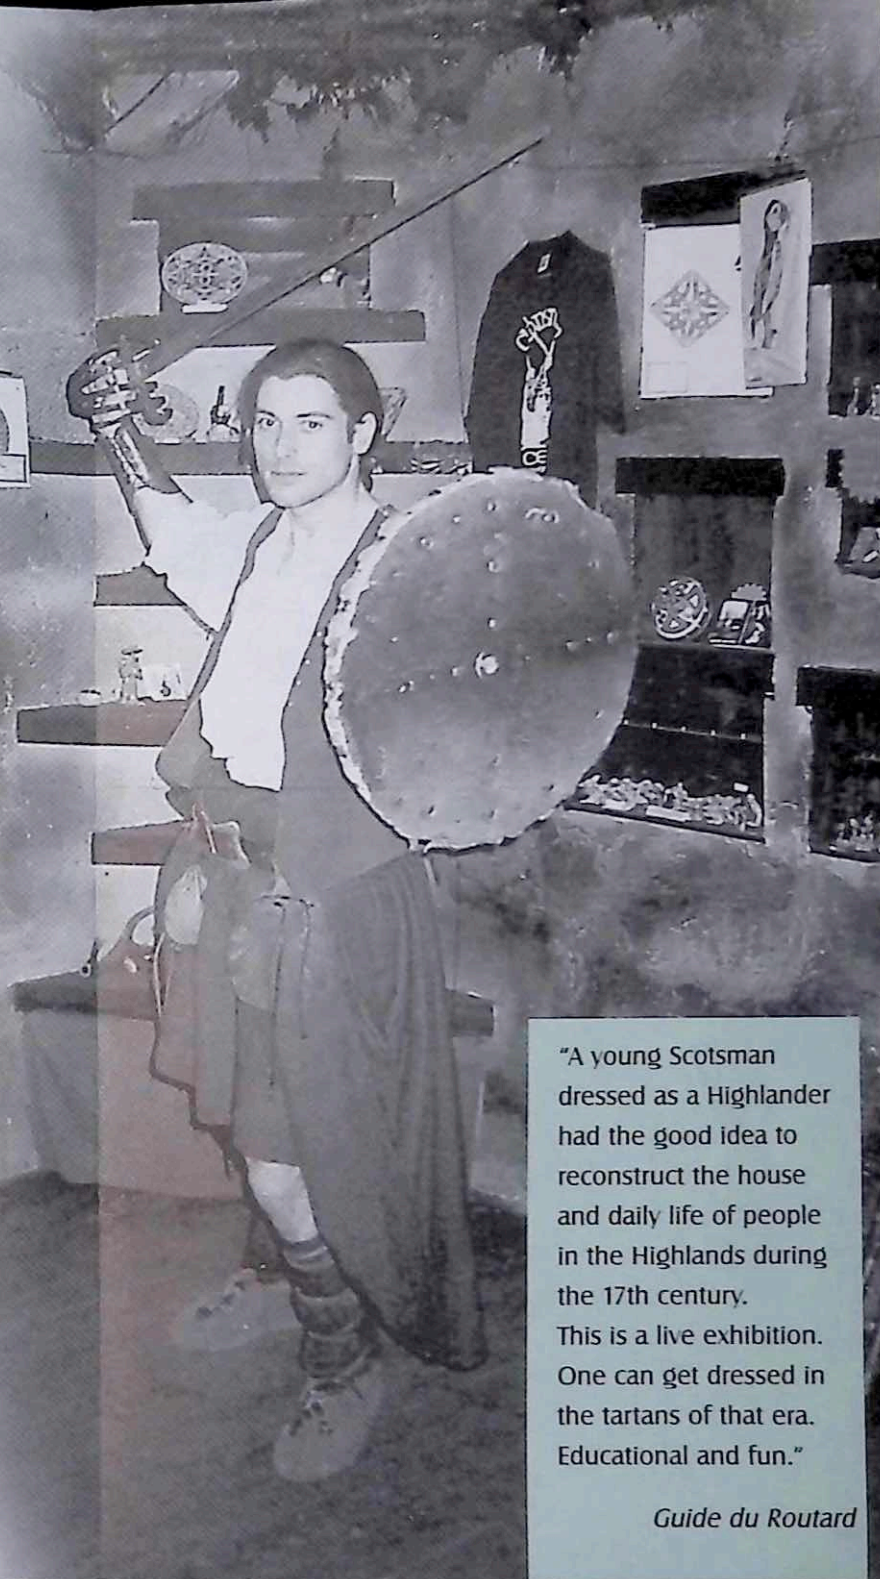

An authentic dressed Highlander will explain how a highland family lived, ate, dressed and survived during the 17th Century.

The presentation, in the reconstructed turf house, takes about 20 minutes. Highlights of the show are clothing and weapon demonstrations.

At the end of the live presentation questions can be asked.

## TURF HOUSE CRAFTSHOP

Looking for a souvenir from the Highlands? The Turf house Craftshop is the place to be. We sell Celtic handmade silver jewellery, replicas of ancient swords and knives, T-shirts with Celtic designs, locally produced glasswork, woodturnings, paintings, leather...

"A young Scotsman dressed as a Highlander had the good idea to reconstruct the house and daily life of people in the Highlands during the 17th century. This is a live exhibition. One can get dressed in the tartans of that era. Educational and fun."
