Welcome to Stromness

Map and guide to services in and around Stromness

Produced by the Stromness Community Business Forum

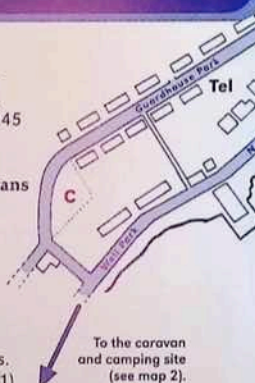

Stromness has been a favoured port of call for centuries, ever since the vikings visited its sheltered bay and gave it the name 'Hamnavoe'. We have been welcoming travellers here ever since and the Stromness Community Business Forum are now pleased to offer this convenient guide to the local shops and services.

Founded in December 1996, the Forum is a non-political group whose main aims are to promote business and community activities for the betterment of Stromness and surrounding areas, as well as provide facilities and services for the benefit of its members. With over 80 business members already, we are continuing to strive to meet the needs and demands of the Stromness business community.
