If you're looking for casual neighbourhood dining, go to Jarmini Café and Restaurant. Start your day with American-style pancakes with a smoothie or a speciality coffee. Pop in at lunchtime for a gourmet sandwich or salad and maybe a refreshing spritzer. And in the evening, sit around the open-plan kitchen with a glass of champagne and select from the menu that mixes classical elements with touches of Asia and the Mediterranean, creating 'fusion dining'. There is no doubt that Jarmini is unique and in a class of its own!
